TEACHING SCHOOL ALLIANCE

Claire Gordon

School: Glasshoughton Infant Academy
Role: Leader of Teaching and Learning, English Leader
Specialism: History & Literacy ks3& ks4
Designation: KS1 English, EYFS

Personal Biography:

Throughout my career at Glasshoughton Infant Academy I have had some fantastic opportunities to train, coach and support other teachers and leaders in school and in external settings. I effectively supported a setting in the community to ensure nursery provision was high quality and contributed directly to children's educational development.

In my current role as a Leader of Teaching and Learning I have had the opportunity to research and implement a coaching system across school with the goal of moving the standard of teaching to consistently good in all year groups. In my role as an English Leader I have experience in monitoring and improving outcomes for pupils by working closely with teachers to improve standards, alongside leading whole staff meetings and training.

My SLE areas of expertise are English in KS1 and developing provision in the EYFS. Both are areas which I have vast experience in and feel passionate about improving the quality of education for all children. I am excited to work across schools in the area and look forward to being deployed.
