

## Thriving As An Early Career Teacher

### Course Overview

We are pleased to offer a 3-session course (3 full days) which builds on the excellent work already being carried out in individual schools to support Early Career Teachers and to support schools in the move towards the launch of the Early Career Framework. The aim of the course is to provide delegates with the regular opportunities to share experiences; plan collaboratively; develop pedagogical knowledge; develop as self-reflective practitioners; experience different educational settings; discuss educational issues and celebrate successes.

An earlier course will be available for mentors.

### Details

The programme consists of 3 sessions across the school year.
